Verified Programs and Website Publication Addendum

November 1, 2026 • 16 program records from two verified batches

What this addendum contains

This addendum combines the two November 1 website-ready program batches. It preserves each source status and verification note. The original 102-page daily event, program, and flyer collection follows this cover in the combined PDF. Some program names may already appear in that earlier collection.

Publication notes

Fourteen records are marked publishable now. Two records are verified as ongoing resources but require an availability check before advertising a specific session or stay. The Colorado Military Family Relief Fund remains on hold and is recorded after the program pages; it is not included in the website-ready JSON.

Event flyers

The original collection contains 44 event flyer pages. The website package includes a separate one-page PDF for each of those flyers, extracted without changing its design.

Directory records

The program records are also supplied as structured JSON and an accessible static HTML index for website integration.

What is included	Latest 12-page event scan and its appendices; later event review notes; 35 individual program flyers; Veterans Day 2026 offers.
Scope	Compiled VOW event and program materials created or updated for the October 31 work session. This is a research collection, not an export of every live directory record.

Contents

1. Compiled event scan (12 pages): dated events, ongoing program schedules, duplicate checks and the original scan addenda.

4. Veterans Day 2026 offers for Olympia / South Sound and national participants (2 pages).

Source files retain their original wording and links in the appended pages. Duplicate or uncertain entries are not presented as confirmed new listings.

The following findings were gathered after the 12-page compiled scan. They are separated here so the original scan stays intact. Check the organizer or VA source again before creating or updating a public VOW record.

Items held for reconciliation

• **Clear Path - Southern Tier Thanksgiving Meal:** hold; official sources conflict on the date.

• **MCCS CREDO sessions:** hold the Jan 6-8 Marriage Enrichment and Jan 11-13 Personal Resilience sessions, plus Jan 28-30 Camp Blaz Family Enrichment, as possible duplicates of existing records. Camp Blaz is personnel-only and had no registration link in the review.

• **VA Pacific Islands Ohana fairs:** Dec 11, 2026 and Jan 8, 2027 were held as possible duplicates of existing fair listings. The other listed dates appear in the compiled scan.

• **Walla Walla February town hall:** hold as a possible duplicate.

• **NAMI Kansas meetings:** Nov 11 and Dec 9 remain on hold because official times conflict (6:30-8:00 p.m. vs. 6:30-8:30 p.m. Central).

Ongoing programs and territorial source checks

• **Guam Vet Center:** caregiver support group Wednesdays, 11:30 a.m.-12:30 p.m.; ongoing counseling and peer support are already represented. Do not create duplicate records. The last listed 2026 fishing event was Oct 17; archive it and infer no future date.

• **Northern Mariana Islands:** Saipan VA Clinic is an existing outpatient clinic. A planned clinic expansion is not open; Q1 FY2027 preparation was reported. Northern Marianas College military-affiliated student support is an ongoing program already present.

• **American Samoa:** Vet Center counseling, recreation and peer groups are ongoing; existing site record. These are program checks, not dated events.

No live listings, Hub records, website content or calendar items were changed during these checks.

Deep Rescan — Programs, Events & Flyer Updates

November 2, 2026 · nationwide, Alaska/Hawaii, Pacific Northwest, and international scan

What changed

This update is appended to the November 1 combined package. It adds ten date-specific event flyers: the VA National Veterans Summer Sports Clinic, eight 2027 Rest & Resilience retreat dates, and Deep Sea Valkyries' Operation Dynamo. The Rest & Resilience listing also updates the previously prepared 2027 availability status to applications open.

Rescan outcomes

Confirmed: 2027 NVWHC PTS retreats remain scheduled and the official application is available; this is already listed in VOW, so no duplicate listing was added. Unbroken Spirit 2027 applications are open and the official VA News source confirms the schedule; it is already represented in VOW, so no duplicate was added. Deep Sea Valkyries is already in VOW; the dated May–June 2027 event and application opening date are added here as a flyer update.

Excluded or held

Stronger Families' Waikoloa retreat (Dec. 4–6, 2026) is restricted to Big Island first-responder couples, but the page does not expose a reliable current availability count; it directs users to a waitlist if sold out, so this scan does not advertise it as open. The Africa 2027 Warriors Way retreat remains funding-dependent and is not presented as a confirmed event. The Veterans in the Wild November 2026 expedition is full and waitlist-only. The Canadian winter clinic needs current registration and eligibility confirmation before a public flyer.

Coverage and limits

This was a targeted, source-led rescan of official VA, organizer, and government pages, with VOW directory checks for duplicates. It does not certify that every local event in all 50 states has been found; the resulting pages are a dated snapshot, and organizers remain the final source for availability.
